

SMARTSENSE ONE ASSURE

Transform audit findings into actionable guidance and follow-up accountability

Eliminate the gap between inspection and improvement with retail-grade compliance and quality oversight.

Reusable Audit Templates

Create reusable audit templates with weighted scoring, branching logic, and auto-fail conditions that reduce the burden on retail staff.

Automated Corrective Actions

Empower your retail teams with guided follow-up actions that populate automatically in Operate to ensure the resolution of all non-compliance items.

Gamified Governance

Rank retail sites and auditors to drive continuous improvement and identify recurring non-conformance with built-in benchmarking and leaderboards.

Audit-Ready Reporting

Expedite compliance reporting with branded, exportable PDFs with scores, photos, and corrective actions.

SmartSense ONE

SmartSense ONE unifies the platform's capabilities within **multiple core modules** that are intentionally designed to work together, creating a more powerful, connected system.

Monitor

Real-time condition monitoring & understanding of asset health.

Service

Identify issues before failures, track assets, & capture work orders.

Operate

Checklists, tasks, & SOPs with real-time accountability.

Guard

Food safety, quality, & HACCP monitoring with probe and sensor integration.

Assure

Digital audits, inspections, & follow-up actions.

Label

Smart label printing management for size & material variants.

Customer Success, Prioritized

"If we lose a bank of frozen ice cream, doesn't take long for that to be a spoilage, and it's \$60-70, \$80,000 in a heartbeat. We typically have multiple saves every year... we're able to take swift and immediate action to remedy that because we're notified, and that's something we did not have before."

Dana Glade, Director of Operations, Jerry's Enterprise
