

SMARTSENSE ONE OPERATE

Enhance Performance & Facilitate Staff Accountability

Leverage the power of prescriptive workflows and accuracy in staff guidance to mitigate cafeteria risk and boost execution performance.

Lists

The Operate module provides digital checklists that facilitate proactive cafeteria execution and straightforward SOP adherence.

Workflows

Configure and adapt cafeteria workflows with flexible building blocks designed for school-level precision and district-wide control.

Operations Management

Easily publish checklists for all operations functions with associated SOPs to empower cafeteria staff with prescriptive guidance.

Automated Compliance Reporting

Track task completion rates and safety exceptions across all school locations—filter by cafeteria and individual employee.

SmartSense ONE

SmartSense ONE unifies the platform's capabilities within **multiple core modules** that are intentionally designed to work together, creating a more powerful, connected system.

Monitor

Real-time condition monitoring & understanding of asset health.

Service

Identify issues before failures, track assets, & capture work orders.

Operate

Checklists, tasks, & SOPs with real-time accountability.

Guard

Food safety, quality, & HACCP monitoring with probe and sensor integration.

Assure

Digital audits, inspections, & follow-up actions.

Label

Smart label printing management for size & material variants.

Schedule

Scheduling, time tracking, & team compensation.

Customer Success, Prioritized

"The reports, reliability, and accountability that we are now seeing has many great benefits on holding your staff accountable and confirming that you're in compliance."

Dagmara Gujda, Associate Director of Compliance, Nutrition, and Food Service, Katy ISD
