

SMARTSENSE ONE ASSURE

Transform audit findings into actionable guidance and follow-up accountability

Eliminate the gap between inspection and improvement with pharmacy-grade compliance and quality oversight.

Reusable Audit Templates

Create reusable audit templates with weighted scoring, branching logic, and auto-fail conditions that reduce the burden on pharmacy staff.

Automated Corrective Actions

Empower your pharmacy teams with guided follow-up actions that populate automatically in Operate to ensure the resolution of all non-compliance items.

Gamified Governance

Rank pharmacy sites and auditors to drive continuous improvement and identify recurring non-conformance with built-in benchmarking and leaderboards.

Audit-Ready Reporting

Expedite compliance reporting with branded, exportable PDFs with scores, photos, and corrective actions.

SmartSense ONE

SmartSense ONE unifies the platform's capabilities within **multiple core modules** that are intentionally designed to work together, creating a more powerful, connected system.

Monitor

Real-time condition monitoring & understanding of asset health.

Service

Identify issues before failures, track assets, & capture work orders.

Operate

Checklists, tasks, & SOPs with real-time accountability.

Guard

Automate compliance and connect exceptions to tasks.

Assure

Digital audits, inspections, & follow-up actions.

Label

Smart label printing management for size & material variants.

Customer Success, Prioritized

"We have 2,200 pharmacies and we have 200 clinics. So finding something that was good for everybody was a challenge. We looked at a few systems before we decided SmartSense was the one for us."

Christina Nadeau, Manager of Equipment & Functional Support, Kroger Health
