

SMARTSENSE ONE GUARD

Prevent Loss & Mitigate Risk

Automate compliance and ensure the availability of vaccines and medications in your pharmacy.

Digital HACCP Workflows

Create digital, time-based workflows for multi-step responses that walk employees through required corrective actions.

Data Capture & Execution

Expansive solution provides step-by-step guidance and photo and note capture for confirmed execution.

Compliance & Verification

Generate fully traceable digital logs with user, time, and condition data—verifying readings meet defined requirements before process completion.

Oversight & Reporting

Easily reference and export historical reports with summaries of exceptions, corrective actions, and trend analysis.

SmartSense ONE

SmartSense ONE unifies the platform's capabilities within **multiple core modules** that are intentionally designed to work together, creating a more powerful, connected system.

Monitor

Real-time condition monitoring & understanding of asset health.

Service

Identify issues before failures, track assets, & capture work orders.

Operate

Checklists, tasks, & SOPs with real-time accountability.

Guard

Automate compliance and connect exceptions to tasks.

Assure

Digital audits, inspections, & follow-up actions.

Label

Smart label printing management for size & material variants.

Customer Success, Prioritized

"We have 2,200 pharmacies and we have 200 clinics. So finding something that was good for everybody was a challenge. We looked at a few systems before we decided SmartSense was the one for us."

Christina Nadeau, Manager of Equipment & Functional Support, Kroger Health
