

SMARTSENSE ONE ASSURE

Transform audit findings into actionable guidance and follow-up accountability

Eliminate the gap between inspection and improvement with restaurant-grade compliance and quality oversight.

Reusable Audit Templates

Create reusable audit templates with weighted scoring, branching logic, and auto-fail conditions that reduce the burden on restaurant staff.

Automated Corrective Actions

Empower your restaurant teams with guided follow-up actions that populate automatically in Operate to ensure the resolution of all non-compliance items.

Gamified Governance

Rank restaurant sites and auditors to drive continuous improvement and identify recurring non-conformance with built-in benchmarking and leaderboards.

Audit-Ready Reporting

Expedite compliance reporting with branded, exportable PDFs with scores, photos, and corrective actions.

SmartSense ONE

SmartSense ONE unifies the platform's capabilities within **7 core modules** that are intentionally designed to work together, creating a more powerful, connected system.

Monitor

Real-time condition monitoring and understanding of asset health.

Service

Identify issues before failures, track assets, and capture work orders.

Operate

Checklists, tasks, and SOPs with real-time accountability.

Guard

Food safety, quality, & HACCP monitoring with probe and sensor integration.

Assure

Digital audits, inspections, and follow-up actions.

Label

Smart label printing management for size and material variants.

Schedule

Scheduling, time tracking, and team compensation.

Customer Success, Prioritized

"SmartSense has performed above our expectations frankly, which were already pretty high. They have a great team, from implementation to the person that you're going to be working with day in and day out. You really feel like you're supported and like it's a partnership and that's been a great experience all around."

JP Thomas, VP of Operations Services, honeygrow
